

## BOYLAND

News and Notes of the Southwest's "Future Greats" of the Diamond Game. Edited by Bud Rutherford.

BOYLAND baseball managers are furthering the organization of "the Motor Baseball League," composed of teams representing the different automobile and motor accessory companies of the city. Already a number of prominent local automobile men have signified their intention of buying suits for their teams, in order that the league could be organized and play during the vacation months, which will begin about May 15.

Albert Evans and Robert Elmore, boyland team managers, are working with the automobile men in the attempt to get the league organized. It is believed that there are at least 20 teams who would be glad of a chance to enter the league and make it a compact little circuit with games being played several times each week.

Boyland teams are lining up preparatory to the close of school and many teams are preparing for the purpose of being in shape for future games.

Thursday afternoon the Mercer team claimed a forfeit from the Sunset club, which failed to show up at the high school stadium for a game, it is said. The Mercer team is handled by Bob Elmore, who can be reached at 4078. They are anxious to arrange for games with any amateur team of their size and weight in the city.

The G. H. railway baseball team and the El Paso & Southwestern club will meet Saturday afternoon in their first game this season. The two teams are made up of horseshoe enthusiasts averaging about 100 pounds individually, and much interest is being taken in the proposed encounter.

It is probable that a team representing the Overland Sales company will be placed in the field also. The Buquet Motor company, handlers of Maxwell cars, will have a team, it is believed.

Boyland teams of the Motor League will doubtless be graded by size and weight in order that none of the teams have an advantage. Efforts will be made to organize another league after May 15, in order to get all of the clubs out.

## DALLAS GETS A NEW PITCHER

Commodore Ham Patterson, of the Dallas Submarines, announces the purchase of Schliefer, a first baseman, from the Clinton club of the Central association. In 134 games last year Schliefer batted .316, his blows including 25 doubles, 12 triples and 15 home runs. He stole 39 bases. His fielding average was .986. Pat knows Schliefer and says he is a corking good ball player. The commodore declined to state how he would arrange his infield after Schliefer joins the club.

## COLLEGE BASEBALL SUFFERS BADLY

Although the professional baseball leagues of the country are going ahead with their plans regardless of the war, college baseball has suffered this year, as most of the big schools of the country cancelled baseball schedules and disbanded their teams when war was declared.

## LOUDEMILK IS IN GOOD SHAPE

In Grover Loudermilk, the human bamboo rod, Joe Tinker has still another pitcher who has worn the uniform of a Colonel. Grover is said to be in rare fettle and yearning for a chance to convince local and out-state fanatics that he has lost none of his ability to shoot the pellet at the batters with rifle-like speed. Against the Cincinnati Nationals the long boy hurled five innings of hitless ball one day last week.

## BILLY SUNDAY IS FIGHT FAN

New York, April 19.—The Rev. Billy Sunday, the evangelist, who is now campaigning here, is a boxing as well as a baseball enthusiast. Talking on the ring game, he said:

"Nothing wrong with H. Boxing, properly regulated, is not harmful and does a certain amount of good. Certainly won't corrupt any one's morals. Boxing makes a fellow courageous, makes him self-dependent. The boy or man who can box isn't afraid. He knows he can protect himself and you never find that sort of a fellow seeking trouble."

"Every boy should be taught to box. Billy exercises. I want my boy to be able to box and protect himself. You never heard of a good boxer going around with a gun in his pocket, did you? No, you bet you didn't. I believe in boxing, and all manly sports, just as I believe in universal military training. Good things for the nation at large. Makes boys and men strong of body and mind. That's what we want—strong men, not weak old fossils. Athletics keep you in good health. That's the main thing."
